

Website Creation Spring Special

DBCUSA's Website Creation Includes:

- ◆ Domain Name Purchase and Protection: We perform research and determine the best available domain names for your business. You choose from among these names. We then purchase this domain name and retain the rights to it for one full year.
- ◆ One Year of Website Hosting: This is the "home" of your website; where your website electronically "resides". Your business content is loaded into this location.
- ◆ Up to 5 Website Pages: You can choose pages such as Home, Services, Contact Us, Menus, Testimonials, Services, About Us, Frequently Asked Questions, Company Information, Careers, Inventory, Financing, Location, Specials, etc.
- ◆ Carefully Crafted Content: We work with you, line-by-line and page-by-page to describe every aspect of your business in your new website.
- ◆ Up to 10 Photos For Use On The Website: We come right to your business and take high quality digital photos of you, your business, your customers/clients, etc. These photos are then minimized and uploaded into the pages of your website.
- ◆ An Email Contact Link: This allows the viewer to click a link and be brought to their personal email program (such as Microsoft Outlook, Thunderbird, GMail, Yahoo, Hotmail, etc.). They can then contact you via their email program.
- ◆ Up to 8 Hours of Editing Services During The Year: This includes revisions to your website such as changes in contact information, general information, FAQs, etc.

Standard Rates: Our standard rate for our basic website services (listed above) is \$99 down and \$99 per month for 12 months. No large 'down payment' required.

Spring Special: Through May 30th, 2009, Spring Special rates are: \$99 down and \$99 per month FOR ONLY 9 MONTHS. This means that we eliminate the final three months of \$99 payments from your billing cycle. That's a total of \$297 savings for you. No hidden costs or fees. No large 'upfront money or large 'down payment' required.
